Lelyn James Schmidt was born on February 15, 2013 to Stormi and Ken Schmidt. Lelyn was born with an extremely rare genetic disorder called Anophthalmia (where either one or both eyes did not form). In Lelyn's case he does not have either eye, and he also has some hearing loss in one ear. The family travels to Milwaukee for Lelyn's needs which include his Vision Therapist, Occularist, Pediatric Ophthalmologist, Physical Therapies, and to Marshfield, WI for his Audiologist.
