## NOW YOU CAN FIND EMERGENCY CARE RIGHT HERE.

ProHealth Care's new emergency department in Mukwonago opens July 6, bringing life-saving care closer to home for area residents.

Conveniently located off Interstate 43 at Highway 83 on the D. N. Greenwald Center campus, the emergency department will be staffed around the clock by the same board-certified emergency physicians who currently serve ProHealth Waukesha Memorial Hospital and ProHealth Oconomowoc Memorial Hospital.

**You're invited to our open house, featuring tours, children's activities, refreshments from local restaurants, a free first-aid kit and a chance to meet your emergency department team.**
