

EAST TROY WINTER MARKET
COVID-19 Safe Operating Plan

Some things to note:

- Do not come to market if you're sick or have been exposed to COVID-19
- Please wear your mask
- Come prepared to shop and shop quickly – our vendors need a flow of customers to make their sales goals
- There will be a limit of people inside Ivan's Backstage at once
- One set of doors will be for the entrance, and the other for the exit
- When the Ivan's Backstage is at its capacity, customers will have to wait outside standing 6' apart; At some point staff will cut off the line so everyone can get inside to shop.
- Traffic will be one-way going clockwise; customers can circle more than once to get everything they need (support our vendors!)
- Vendor stalls will be spaced apart at least 8' and one customer will be allowed to shop at a stall at one time
- Hand sanitizer will be available throughout the market

BE KIND, WE'RE IN THIS TOGETHER!
